## Jerusalem Temples Wall Display Charts

- First Temple Chart: Created with chapters from all the Old Testament books related to the temple.
- Second Temple Chart: Created with chapters from all the New Testament books related to the temple.
- Third Temple Chart: Created with chapters from the entire Bible related to the temple, in hopes of confirming the timeline.

These charts took 20+ years to organize and were created plainly using the NKJV, with short chapters, headings, and subheadings for easy reference. This format allows anyone to fully understand the entire Bible in a historical context without misunderstandings on what happened inside the temples.

Scripture tells us that God will give us peace for 3½ years and protect the third temple if the Jewish people consider their ways and do not allow this image of abomination inside. The Book of Revelation tells us that when Rome and the (UN) surround the temple, God will send His Christ to destroy those who accepted the mark and the image of the beast (laws & idol of the kingdom). Then many will believe, and God will be honored and glorified before all men.

Jose's chronological Bible will help people understand what happened inside each temple. However, it will take him a year to finish it once people support his cause. In the meantime, read my book on Revelation, which prepares you for the Third Temple. Later, he will complete his chronological Bible and additional articles.

His goal is to help people understand the structure of the Bible through a three-day seminar and read it in three to seven months. Additionally, he aims to encourage Bible colleges to require every student to complete one semester understanding the Bible in chronological order before they can teach.

## Site plan of Temple Mount

Most scholars agree this will be the location they will build the Third Temple, because it faces the eastern gate per the book of Ezekiel 43:8. Jose found the site plan on <http://www.templemount.org/theories.html> and made notes in red.

## Jerusalem Model of the Second Temple period

This model stands in the city of Jerusalem, allowing many to see how this temple once stood before the Romans burned it down in 70 AD. to many the question remains; why was it destroyed?
