17 Goals (Laws) of the United Nations by 2030

Jose urges every pastor, rabbi, and leader to prepare their communities and monitor the United Nations (UN) website, as it addresses some of the most controversial topics we need to understand by 2030. According to the Book of Revelation, in the letters to the seven angels (pastors) of the churches, the nations are warned about the beast (kingdom) responsible for all the wars in the world. Pastors are instructed to prepare their congregations for coming events, including World War III. Leaders who do not heed this warning might be sleeping with the beast (kingdom), potentially being paid to hinder the truth and deceive their followers.

United Nations' Three-Step Final Solution (Balaam's Doctrine)

- Goal 5: Corrupt the World- Cause people to sin, so God Himself will punish them.
- Goal 10: Divide the World- A kingdom divided cannot stand against the enemy.
- Goal 16: Disarm the World- To conquer a nation, you must first disarm its citizens.

Revelation 17 describes a secret kingdom. To understand this, my book provides insights from the Book of Numbers (chapter 25) and other scriptures that reveal the deceptive advice: "If you can't beat them, join them." This advice aims to corrupt people and lead them into sin, so that God Himself will punish them. The Book of Daniel (8:23-27) also warns us about the Revived Roman Empire, which understands sinister schemes. They have set goals that form a three-step solution, like of the strategies once employed by Nazi Germany. I am warning the

world that these strategies are being implemented again under different names (UN, EU, NATO). See my chart titled "Who is the North Army that Made War with the Nations" in the church history chart gallery.

Goal #5 Corrupt the World" Achieve Gender Equality and Empower All Women and Girl

The stated aim is to end all forms of discrimination against women and girls everywhere. However, in reality, this goal is used to promote a specific agenda. In plain terms, it requires communities to accept homosexuality, implying that those who do not comply may face economic sanctions, unable to buy, sell, or trade. This goal is seen as exploiting women and children to lead people into sin against God. Please check out the links below for more information.

Goal #10 Divide the World: Reduce inequality within and among countries

It begins by stating that inequality threatens long-term social and economic development, harms poverty reduction, and destroys people's sense of fulfillment and self-worth. Furthermore, it aims to reduce inequality by ensuring equal opportunity for all, using hopeful language that entices us into accepting the laws of the kingdom. However, the reality is that this goal can trigger racism, pitting neighbor against neighbor. This agenda start during Obama's administration and the United Nations New World Order. Says #4. arguably inequality can lead to social friction. It can be a factor in precipitating riots or higher crime levels. In this case, all members of society lose out. This is more pressing if the inequality is perceived to arise out of unfair allocation of opportunities...

Goal #16 Disarm the World: Promote Just, Peaceful, and Inclusive Societies

They start by claiming that only peaceful societies will achieve peace by disarming the world through a global campaign. In other words, this is not a local initiative; it's part of the New World Order that democratic parties around the world are promoting to control us. Many say they learned this from the Nazi Party rule book: "To conquer a nation, you must first disarm its citizens," giving them complete control. Nevertheless, please check out my YouTube playlist video, "Seven Tips for Identifying Revelation 13: The Fourth Beast," which discusses the two-branch government instigating WWII and trying to enforce the New World Order by 2030. I created these videos because people want to know the truth about who is causing WWII.

Most importantly, I encourage people to first understand the structure of the book of Revelation. Once this foundation is established, we can reason or debate the issues that are destroying our nations and causing WWII. Additionally, we must understand three specific false doctrines in the book of Revelation tied to the (UN) State & Ecumenical Churches:

1. Doctrine of Balaam (2:14) - Teaches laws that make you sin against God.
2. Doctrine of the Nicolaitans (2:15) - Teaches recklessly false doctrines.
3. Doctrine of Jezebel (2:20) - Teaches worship of the image (Queen of Heaven & her son Bel).

The prophecy is clear in Revelation 17:4, which speaks about a woman dressed in precious stones who seduces many and is unfaithful to God:

"The woman [Church & State] was arrayed (dressed) in purple, scarlet, adorned with gold, precious stones, pearls (17 laws filled with promises), having in her hand a golden cup (wine to seduce) full of abominations (unlawful laws) and the filthiness of her fornication (unfaithfulness to God)."
